Punjam Metals Ind Ltd is an ISO 9001:2008 certified company established in Sharjah, United Arab Emirates in the year 1995. We are one of the major organizations specializing in the field of fabrication, structural and non-structural steel works, precision machining and all kinds of foundry works.

Punjam Metals has a strong core of highly professional management, technical and trades people backed with decades of experience that contributes to the consistent quality and reliability that our customers expect. We have established strict adherence to international standards in the manufacturing process by constantly monitoring and auditing compliance levels while assuring our clients of quality on-time work at economic rates.

We have years of experience in various sectors ranging from Oil and Gas, Construction Industry, Petrochemical, Food Production Industry, Marine, Watertreatment, Government Organizations and more.

Our activities in the fabrication section includes galvanizing, painting and erection of structural steel work like handrails, ladders, gratings, trench covers, storage tanks, S.E.W.A bottle racks, weigh bridges, steel form works etc. Activities also include fabrication of stainless steel handrail, balustrades and tanks.

Punjam Metals has various welding processes to cater to different application and materials, these processes include:

- TIG welding
- MIG welding
- SMAW welding
- Argon welding
- SAW welding

Our trained and qualified welders have procedure approvals and have been witnessed and tested by third party approval body to meet the standard welding practices as per ASME IX.

Our machining section offers manufacturing and repair services as per your specification in brass, aluminum, stainless steel and carbon steel. We can produce percision components such as gears, pump body, bolts, shafts, flanges, dies, sprocket rollers, valve bodies etc.

Our foundry shop specializes in casting of alloy steel, copper and aluminum alloys. We manufacture vast range of items such as pump body, Stainless Steel Check Valves, Nipples, Water Well connectors, pressure retaining parts and many other Engineering applications.

## List of Equipments

- Hydraulic Shearing Machine
- Hydraulic Press break Machine
- Hydraulic Press Machines
- Sheet Rolling machines
- Pipe Rolling Machine
- Band Saw Machine
- Lathe Machines
- Milling Machines
- Honing Machine
- MIG Welding Machine
- SMAW Welding Machine
- Air Plasma Machine
- Threading M/c
- Surface Grinding M/c
- Crank Grinding M/C
- Comprosser
- Pug Cutting Machine
- Hand Grinding Macine
- Gas Cutting Set

## List of Projects

- Weigh Bridge & S.S platforms for Danlesco Gulf LLC.
- Spiral Ladders for Al Hamriyah Free Zone.
- S.S Handrails & Aluminium Shutters for Ports, Customs & Free Zone Corporation. Platinum Project.
- Steel Gates & Pools For ELTETE.
- Structural Steel Works for Ibn Batutta Mall.
- LUXURY marina residential Villas, Abudhabi.
- Ras lafan, Qatar (Supply of Steel Brackets)
- S.E.W.A Lay Yah Power Station, Desalination Plant Extension.
- Dubai Media City. Bin Fardan Residence.
- D.E.W.A Jebel Ali Power and desalination Station.
- Inter refineries Pipelines (Irp) Projects for Abudhabi Oil Refinery Company.
- Wade Adams, Main pumping Station Dubai.
